Mindluster Platform

About the course IoT Architecture Fundamentals

IoT Architecture course in hindi, This course explores the design and components of IoT systems, including devices, communication, data management, and security for efficient IoT deployment.

Computer Science Category's Courses

Course Lesson(14)

Lesson 1 : **IoT Introduction**

Lesson 2 : **Components of IoT**

Lesson 3 : **Advantages and Disadvantages of IoT**

Lesson 4 : **IoT Statistics**

Lesson 5 : **IoT characteristics**

Lesson 6 : **M2M IoT**

Lesson 7 : **IoT and M2M differences**

Lesson 8 : **IoT reference model**

Lesson 9 : **IoT Architecture**

Lesson 10 : **IoT Physical Design**

Lesson 11 : **IoT Logical Design Part 1**

Lesson 12 : **IoT Logical Design Part 2**

Lesson 13 : **How to Access all the Courses of Engineering Funda**

Lesson 14 : **Engineering Funda Services**
