About the course IO Organization in Computer Architecture

IO Organization course in hindi, This course explores the organization and management of input and output operations in computer systems, covering hardware interfaces and software handling.

Computer Science Category's Courses

Course Lesson(7)

Lesson 1 : **Input Output Organization**

Lesson 2 : **Programmed IO**

Lesson 3 : **Interrupt Driven IO**

Lesson 4 : **Direct Memory Access DMA**

Lesson 5 : **Examples on Direct Memory Access**

Lesson 6 : **2 Examples on Direct Memory Access**

Lesson 7 : **Memory Mapped IO and IO Mapped IO in Microprocessor 8086**
