Mindluster Platform

About the course LEDs electronics Project Techniques

LEDs electronics Project course in hindi, in this course explore various projects involving light-emitting diodes, from basic circuits to advanced lighting designs and creative applications.

Engineering Category's Courses

Course Lesson(14)

Lesson 1 : **Glowing LED on Music beats Disco LED Electronics Project ElectronicsProject DiscoLED**

Lesson 2 : **Fire Detector Electronics Project FireDetector EngineeringProject ElectronicsProject**

Lesson 3 : **Glowing LEDs Electronics Project GlowingLEDs ElectronicsProject EngineeringProject**

Lesson 4 : **Traffic Light Electronics Project TrafficLight ElectronicsProject EngineeringProject**

Lesson 5 :
Object Detector Electronics Project ObjectDetector ElectronicsProject EngineeringProject

Lesson 6 : **Secret Box Security System Electronics Project ElectronicsProject EngineeringProject**

Lesson 7 : **Heart Pulse Firing LEDs Electronics Project ElectronicsProject EngineeringProject**

Lesson 8 :
Motion Detector Electronics Project ElectronicsProject EngineeringProject MotionDetector

Lesson 9 :
Gas Leakage Detector Smoke Detector Electronics Project ElectronicsProject EngineeringProject

Lesson 10 : **Water Level Indicator Electronics Project ElectronicsProject WaterLevelIndicator**

Lesson 11 : **Sound Detector Switch Electronics Project ElectronicsProject EngineeringProject**

Lesson 12 : **Touch Switch Electronics Project ElectronicsProject EngineeringProject TouchSwitch**

Lesson 13 : **Light Detector Electronics Project ElectronicsProject EngineeringProject LightDetector**

Lesson 14 : **Dark Detector Electronics Project ElectronicsProject EngineeringProject DarkDetector**
