Mindluster Platform

About the course Engineering Mechanics basics

Engineering Mechanics basics course in hindi, in this course Dive into the fundamental principles of forces, motion, and equilibrium in this introductory course on engineering mechanics.

Engineering Category's Courses

Course Lesson(111)

Lesson 1 : **Basic Mechanical Engineering by Engineering Funda**

Lesson 2 :
Thermodynamics Terminologies State Process Path and Cycle in Basic Mechanical Engineering

Lesson 3 :
Zeroth law of thermodynamics in Basic Mechanical Engineering ZerothLawOfThermodynamics

Lesson 4 :
First law of thermodynamics in Basic Mechanical Engineering FirstLawOfThermodynamics

Lesson 5 :
Thermodynamic systems in Basic Mechanical Engineering by Engineering Funda ThermodynamicSystems

Lesson 6 :
Types of Fuels explained in Basic Mechanical Engineering by Engineering Funda TypesOfFuels

Lesson 7 :
Types of solid fuels in Basic Mechanical Engineering TypesOfSolidFuels BasicMechanicalEngineering

Lesson 8 :
Types of Liquid Fuels in Basic Mechanical Engineering TypesOfLiquidFuels EngineeringFunda

Lesson 9 : **Types of gaseous fuels in Basic Mechanical Engineering GaseousFuels EngineeringFunda**

Lesson 10 :
Types of alternative fuels in Basic Mechanical Engineering AlternativeFuels EngineeringFunda

Lesson 11 : **Calorific Value in Basic Mechanical Engineering CalorificValue EngineeringFunda**

Lesson 12 :
Hydel energy and Hydro power plant in Basic Mechanical Engineering HydelEnergy HydroPowerPlant

Lesson 13 :
Solar energy in Basic Mechanical Engineering SolarEnergy SolarPowerPlant EngineeringFunda

Lesson 14 : **Global warming in Basic Mechanical Engineering GlobalWarming EngineeringFunda**

Lesson 15 : **Ozone depletion in Basic Mechanical Engineering OzoneDepletion EngineeringFunda**

Lesson 16 :
Steam formation Temperature vs Enthalpy diagram for steam in Basic Mechanical Engineering

Lesson 17 :

Types of steam in Basic Mechanical Engineering Saturated steam TypesOfSteam EngineeringFunda

Lesson 18 :
Steam Table in Basic Mechanical Engineering SteamTable SteamTableTypes EngineeringFunda

Lesson 19 : **Steam Equations in Basic Mechanical Engineering SteamEnthalpy SteamEquations**

Lesson 20 :
1 Example on Steam table in Basic Mechanical Engineering SteamTable SteamTableExample

Lesson 21 :
2 Example on Steam table in Basic Mechanical Engineering SteamTable SteamTableExample

Lesson 22 :
3 Example on Steam table in Basic Mechanical Engineering SteamTable SteamTableExample

Lesson 23 :
4 Example on Steam table in Basic Mechanical Engineering SteamTable SteamTableExample

Lesson 24 :
5 Example on Steam table in Basic Mechanical Engineering SteamTable SteamTableExample

Lesson 25 :
6 Example on Steam table in Basic Mechanical Engineering SteamTable SteamTableExample

Lesson 26 :
Barrel Calorimeter in Basic Mechanical Engineering BarrelCalorimeter EngineeringFunda

Lesson 27 :
Separating calorimeter in Basic Mechanical Engineering SeparatingCalorimeter EngineeringFunda

Lesson 28 :
Throttling calorimeter in Basic Mechanical Engineering ThrottlingCalorimeter EngineeringFunda

Lesson 29 : **Boyle s Law or Mariotte s law in Basic Mechanical Engineering BoylesLaw MariottesLaw**

Lesson 30 : **Charles Law in Basic Mechanical Engineering CharlesLaw BasicMechanicalEngineering**

Lesson 31 :
Characteristic gas equation Combined gas law in Basic Mechanical Engineering CombinedGasLaw

Lesson 32 :
Characteristic gas equation Cp Cv R in Basic Mechanical Engineering CharacteristicGasEquation

Lesson 33 :
Isochoric Process or Constant volume process Work done in Isochoric process IsochoricProcess

Lesson 34 :
Isobaric Process or Constant pressure process Work done in Isobaric process IsobaricProcess

Lesson 35 :
Isothermal Process Constant temperature process Hyperbolic process Work done in Isothermal Process

Lesson 36 : **Non Flow Process and Flow Process NonFlowProcess FlowProcess EngineeringFunda**

Lesson 37 :
Adiabatic equation and Adiabatic process AdiabaticEquation AdiabaticProcess EngineeringFunda

Lesson 38 : **Adiabatic process Isentropic process Work done in Adiabatic process AdiabaticProcess**

Lesson 39 :
Polytropic process Special cases of Polytropic process Thermodynamic processes on pV diagram

Lesson 40 :

Heat engine Requirements of heat engine Characteristics of heat engine Efficiency of Heat Engine

Lesson 41 : Classification of heat engine Heat engine parts Heat engine diagram HeatEngine

Lesson 42 : Carnot cycle and Carnot Efficiency CarnotCycleEfficiency CarnotCycle

Lesson 43 : Limitations of Carnot cycle CarnotCycle CarnotCycleLimitations

Lesson 44 :
Rankine cycle Rankine cycle efficiency Rankine cycle block diagram in Basic Mechanical Engineering

Lesson 45 :
Air standard cycle Air standard Efficiency Assumptions of Air standard cycle AirStandardCycle

Lesson 46 : Otto cycle Otto cycle Efficiency Derivation of Otto cycle Efficiency OttoCycle

Lesson 47 : 1 Examples on Otto cycle in Basic Mechanical Engineering OttoCycle

Lesson 48 : 2 Examples on Otto cycle in Basic Mechanical Engineering OttoCycle

Lesson 49 : 3 Examples on Otto cycle in Basic Mechanical Engineering OttoCycle

Lesson 50 :
Diesel cycle Diesel cycle Efficiency Constant pressure cycle Efficiency of Diesel cycle BME

Lesson 51 : 1 Example on Diesel cycle DieselCycle BME

Lesson 52 : 2 Example on Diesel cycle DieselCycle BME

Lesson 53 : 3 Example on Diesel cycle DieselCycle BME

Lesson 54 : IC engine parts Components of IC engine Elements of IC Engine ICEngine

Lesson 55 : IC engine terms Important Terms of IC engine Terminology used in IC engine BME

Lesson 56 :
IC engine performance parameters Brake thermal efficiency Indicated thermal efficiency BSFC BME

Lesson 57 : Classification of IC Engine Types of IC Engine with Animation ICEngine

Lesson 58 : Four stroke petrol Engine Working of petrol engine PetrolEngine

Lesson 59 : How to draw four stroke petrol engine IC Engine BME

Lesson 60 :
Difference between Four stroke and Two stroke Engine Two Stroke Engine Four Stroke Engine

Lesson 61 :
Difference between Petrol Engine and Diesel Engine Difference between SI and CI engine BME

Lesson 62 : Centrifugal pump basics and working of Centrifugal pump BME

Lesson 63 :
Centrifugal Pump Animation of Centrifugal Pump Block Diagram of Centrifugal Pump Pump

Lesson 64 :
Reciprocating pump Block diagram of Reciprocating pump Working of Reciprocating pump

Lesson 65 :
Difference between Reciprocating Centrifugal pump Comparison of Centrifugal Reciprocating pump

Lesson 66 :
How to draw Reciprocating pump Reciprocating pump Simple figure of Reciprocating pump BME

Lesson 67 :

Animation of Reciprocating pump Reciprocating pump diagram Reciprocating pump Pump Water pump

Lesson 68 : **Air Compressor and Applications of Air Compressor**

Lesson 69 :
Classification of Air Compressor Types of Air Compressors Air Compressor types with Animation BME

Lesson 70 :
Types of Reciprocating Air Compressors Types of Rotary Air Compressors Types of Air Compressors

Lesson 71 : **Multi stage Compressor AirCompressor**

Lesson 72 :
Difference between Reciprocating and Rotary Air Compressor in Basic Mechanical Engineering

Lesson 73 : **Types of couplings and Function of Coupling in Basic Mechanical Engineering**

Lesson 74 :
Muff Coupling Sleeve Coupling Box Coupling Working of Muff Coupling Advantages of Muff Coupling

Lesson 75 :
Split Muff coupling Split Box Coupling Clamp Coupling Split Coupling Compression Coupling

Lesson 76 :
Flange Coupling Working and Advantages of Flange Coupling in Basic Mechanical Engineering

Lesson 77 :
Pin bush Flexible Coupling Pin Coupling Flexible Coupling Bush Coupling Bush Pin Coupling BME

Lesson 78 : **Universal Coupling Hooke s Joint Cardan Joint Flexible Coupling Working of Coupling**

Lesson 79 :
Oldham Coupling Animation of Oldham Coupling Flexible Coupling Working of Oldham Coupling BME

Lesson 80 :
Single plate Clutch Disc Clutch Plate Clutch Working of Single Plate Clutch Limitation of Clutch

Lesson 81 :
Multi Plate Clutch Disc Clutch Plate Clutch Multiple Plate Clutch Working of Plate Clutch Clutch

Lesson 82 :
Centrifugal Clutch Working of Centrifugal Clutch Animation of Centrifugal Clutch Clutches BME

Lesson 83 :
Types of Brakes Block Brakes Single Block Brake Double Block Brake Block Brake Working of Brake

Lesson 84 :
Band Brakes Types of Band Brakes Simple Band Brake Differential Band Brake Working of Band Brake

Lesson 85 :
Drum Brake Shoe Brake Internal Expanding Shoe Brake Working of Drum Brake Expanding Brake BME

Lesson 86 :
Disc Brake Working of Disc Brake Animation of Disc Brake Application of Disc Brake Brakes BME

Lesson 87 : **Types of Belt drives Classification of belt drives Different Arrangement of belt drives**

Lesson 88 :
Advantages of belt drive Disadvantages of belt drive Applications of belt drive Belt Drives BME

Lesson 89 :
Chain drive Advantages of Chain Drive Disadvantages of Chain Drive Applications of Chain drive

Lesson 90 : **Difference between Belt drive and Chain drive Belt drive vs Chain drive Power drive**

Lesson 91 :
Gear drive Advantages of Gear Drive Disadvantages of Gear Drive Applications of Gear drive BME

Lesson 92 : **Types of boiler Classification of Boiler Boiler types Boiler Boilers Various Boilers BME**

Lesson 93 : **Cochran Boiler Fire tube boiler Multitube Boiler Low pressure Boiler BOILER**

Lesson 94 : **Babcock and Wilcox Boiler Water tube boiler Working of Babcock and Wilcox Boiler**

Lesson 95 :
How to draw Babcock and Wilcox Boiler Water tube boiler Animation of Babcock and Wilcox Boiler

Lesson 96 :
Difference between Water tube and Fire tube Boiler Fire tube Boiler Water tube Boiler BME

Lesson 97 :
Boiler Mountings and Accessories Boiler Mountings Boiler Accessories Mountings Accessories

Lesson 98 : **Pressure Gauge in Basic Mechanical Engineering**

Lesson 99 :
Water Level Indicator Water Gauge Water Indicator Boiler Mountings Water Level in Boiler Boiler

Lesson 100 :
Safety Valve Spring Loaded Safety Valve Ramsbottom Safety Valve Boiler Mountings Spring valve

Lesson 101 :
Feed Check Valve Feed Valve Working of Feed Check Valve Boiler Mountings FeedCheckValve

Lesson 102 : **Blow off Valve in Boiler Blow off Cock in Boiler Mud Valve Boiler Mountings**

Lesson 103 :
Fusible Plug Working of Fusible Plug Animation of Fusible Plug Boiler Mountings FusiblePlug

Lesson 104 :
Steam Stop Valve Working of Steam Stop Valve Junction Valve Boiler Mountings Steam Valve Boiler

Lesson 105 :
Feed Pump Duplex Feed Pump Working of Feed Pump Boiler Accessories Feed Pump in boiler Boiler

Lesson 106 :
Steam Injector Steam Ejector Injector Ejector Boiler Accessories Accessories of Boiler Boiler

Lesson 107 :
Economizer Feed Water Heater Boiler Accessories Green Economiser Water Heater Boiler

Lesson 108 :
How to draw Economiser Economizer Boiler Accessories Animation of Economiser Green Economiser

Lesson 109 : **Superheater Working of Superheater Function of Superheater Superheater in Boiler**

Lesson 110 :
Steam separator Working of Steam separator Animation of Steam separator Water separator Boiler

Lesson 111 :
Air Preheater Types and Working of Air Preheater Air Heater in Boiler Boiler Accessories
