About the course Doubly Linked Lists in Data Structures

Doubly Linked Lists course, in this course Explore the principles and implementation of doubly linked lists in data structures and programming.

Computer Science Category's Courses

Course Lesson(15)

Lesson 1 : **Introduction to Doubly Linked List**

Lesson 2 : **Doubly Linked List Inserting a Node in an Empty List**

Lesson 3 : **Doubly Linked List Insertion at the Beginning**

Lesson 4 : **Doubly Linked List Insertion at the End**

Lesson 5 : **Doubly Linked List Insertion between the Nodes Part 1**

Lesson 6 : **Doubly Linked List Insertion between the Nodes Part 2**

Lesson 7 : **Creating an Entire Doubly Linked List**

Lesson 8 : **Doubly Linked List Deleting the First Node**

Lesson 9 : **Doubly Linked List Deleting the Last Node**

Lesson 10 : **Doubly Linked List Deleting the Intermediate Node**

Lesson 11 : **Reversing the Doubly Linked List**

Lesson 12 : **Doubly Linked List Solved Problem 1**

Lesson 13 : **Doubly Linked List Solved Problem 2**

Lesson 14 : **Why Doubly Linked List**

Lesson 15 : **Rapid Fire Quiz Doubly Linked List**
