About the course Physics in Petroleum Engineering

Physics in Petroleum course, This course explores the fundamental principles of physics applied to the exploration and extraction of petroleum resources.

Engineering Category's Courses

Course Lesson(5)

Lesson 1 : **Pulley System in Petroleum Engineering part 1**

Lesson 2 : **Pulley System in Petroleum Engineering part 2**

Lesson 3 : **Variable Mass System**

Lesson 4 : **Pulley System in Petroleum Engineering part 3**

Lesson 5 : **Fluid Mechanics Part 1**
